

# How creative can YOU get this summer?

Do you care about issues like climate change, poverty, keeping our seas clean?

Then why not take part in Serica's Summer Competition inspired by the UN Sustainable Development Goals. We want you to dream up something that could make the world a better place, then explain it by drawing a poster, making a video or creating a model.\*

Your entry can be as whacky as you like; robot fish that eat all the plastic clogging up our seas, cars that run on rubbish! The more imaginative the better, so just go for it!

Three age categories: **8 & under** | **9-12** | **13-18**

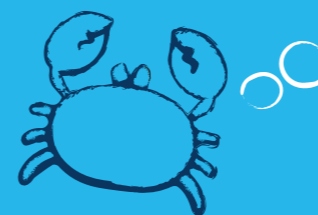

For more inspiration, find out about the 17 UNSDGs here!  
[www.UNSDGs.com](http://www.UNSDGs.com)

Win  
£50 in  
vouchers

A goody  
bag for every  
entrant

The chance  
to feature in  
our online  
gallery

Closing date  
for entries:  
03.09.22

Please email your entry to [competition@serica-energy.com](mailto:competition@serica-energy.com) by the 3rd of September with your name, age and school. Remember, if you're under 16, please ask for your parent's or guardian's permission to take part. We look forward to seeing your great ideas!

\* If creating a model, please send us photos and/or videos of your model explaining what it is and how it can help contribute to the UNSDGs. Make sure to read the competition terms & conditions at [serica-energy.com/kids-competition](http://serica-energy.com/kids-competition).
