

SERICA ENERGY PLC

QUOTED COMPANIES ALLIANCE CORPORATE GOVERNANCE CODE 2018

Introduction:

The Board of directors of the Company fully endorses the importance of good corporate governance and applies The Quoted Companies Alliance Corporate Governance Code (2018) (the “QCA Code”), which they believe is the most appropriate recognised governance code for a company of its size with shares admitted to trading on the AIM market of the London Stock Exchange. It is believed that the QCA Code provides the Company with the framework to help ensure that a strong level of governance is maintained, enabling the Company to embed the governance culture that exists within the organisation as part of building a successful and sustainable business for all its stakeholders.

The QCA Code has ten principles of corporate governance that the Company has committed to apply within the foundations of the business. These principles are:

1. Establish a strategy and business model which aims to promote long-term value for shareholders;
2. Seek to understand and meet shareholder needs and expectations;
3. Consider wider stakeholder and social responsibilities and their implications for long term success;
4. Embed effective risk management, considering both opportunities and threats, throughout the organisation;
5. Maintain the board as a well-functioning balanced team led by the Chair;
6. Ensure that between them the directors have the necessary up to date experience, skills and capabilities;
7. Evaluate board performance based on clear and relevant objectives, seeking continuous improvement;
8. Promote a corporate culture that is based on ethical values and behaviours;
9. Maintain governance structures and processes that are fit for purpose and support good decision-making by the Board;
10. Communicate how the Company is governed and is performing by maintaining a dialogue with shareholders and other relevant stakeholders.

Chairman’s Corporate Governance Statement:

As Chairman of the Company, I have a keen interest in ensuring that an effective and focused Board leads the business and builds upon its successes to date. Strong corporate governance helps underpin the foundations of a solid and successful business. The Board is committed to ensuring good corporate governance, from executive level and throughout the operations of the business.

Following the requirement by AIM that all AIM listed companies would comply with a recognised corporate governance code by 28 September 2018, the decision was made by the Company that it would adopt the Quoted Companies Alliance Corporate Governance Code 2018 (the ‘QCA Code’). The directors believe the QCA code to be the most appropriate recognised corporate governance code for the Company.

As Chairman, it is my duty to ensure that good standards of governance are delivered and fed down throughout the organisation. The Board is supportive of embracing the highest level of corporate governance possible and works to instil a culture across the Company which delivers strong values and behaviours.

The importance of engaging with our shareholders underpins the essence of the business, ensuring that there are opportunities for investors to engage with both the Board and executive team. Due to the government restrictions imposed in light of COVID-19, the 2020 Annual General Meeting (‘AGM’) was

held as a closed meeting, whilst we had hoped to hold a traditional AGM in 2021, this was not possible. At both the 2020 and 2021 AGM provision was made for shareholders to raise questions which were addressed before the AGM.

As Chairman I will work with the Nominations & Corporate Governance Committee and the Board to build upon the existing values that are in place and ensure that good corporate governance continues to be present within the organisation and delivered throughout the business, ensuring that we grow with foundations of integrity and strong principles for the benefit of all stakeholders.

Antony Craven Walker

Executive Chairman

Website disclosures:

The QCA Code requires us to apply the ten principles and publish certain disclosures in our annual report and also on our website. Our website disclosures are as follows:

Principle Two - Seek to understand and meet shareholder needs and expectations.

Disclosure: explain the ways in which the Company seeks to engage with shareholders.

The Company engages with its shareholders through regulatory news flow, providing financial results on a half yearly basis, operational updates to maintain information on overall performance, additional news flow when there is a material deviation from the operational updates, releases relating to matters of material importance to the Company's business and releases of a regulatory nature.

The Company maintains an informative and regularly updated website at www.serica-energy.com through which shareholders can obtain copies of the Company's annual report, interim report, ESG report and other regulatory documents and regulatory news service releases. The website includes copies of all presentations made from time to time to analysts, shareholders and the general market and includes a facility under which shareholders may submit questions or make comments relating to the Company's business. Whenever possible the Company endeavours to respond to enquiries.

The Company's AGM is a regular opportunity for shareholders to meet with the Company and receive a corporate presentation. There is also an opportunity for shareholders to ask questions after the presentation, during the formal business of the meeting and informally following the meeting. During 2020 and into 2021, the Company has engaged as best as possible with stakeholders through online forums.

The Chairman, Chief Executive Officer (CEO) and the newly appointed Chief Financial Officer (CFO) are together responsible for shareholder liaison and a listening board for shareholders. In all communications with shareholders and the general market the Company maintains strict compliance with the requirements of the AIM Rules and Market Abuse Regulations.

Shareholders with queries should email info@serica-energy.com

Principle Three: Consider wider stakeholder and social responsibilities and their implications for long term success

Disclosure: Explain how the business model identifies the key resources and relationships on which the business relies.

The Company's business model and strategy are contained within our annual report.

Its strategy is to manage risks, financial capacity and growth opportunities through an active programme of acquisition and divestment where possible to balance risk and potential whilst optimising operating costs and procedures to improve performance and identifying new technologies that can enhance

value. The Company seeks a forward looking, professional and safety conscious culture in all that it does to provide an environment for the benefit of all stakeholders.

The Company continues to focus on future value-added growth. With a robust balance sheet, limited capital commitments, healthy ongoing production and flexibility in controlling budgets, Serica is in a very strong position to facilitate further growth in asset value.

The Company is fully cognisant of its responsibilities to all stakeholders, in particular the health, safety and well-being of its employees, and of its obligation to meet or exceed the highest environmental standards. In conducting its business the Company believes that it is in its best interest to nurture the resources at its disposal and to conduct its operations in a wholly responsible manner.

Disclosure: Explain how the Company obtains feedback from stakeholders and the actions that have been generated as a result of this feedback (e.g. changes to inputs or improvements in products).

The Company engages with its key stakeholders through various channels depending upon who they are and values the feedback it receives from them. These stakeholders include shareholders, suppliers, customers, regulators and the Company's employees. The Company takes every opportunity to ensure that where possible the views of its stakeholders are considered and acted upon when these are believed likely to bring material benefit to the success and integrity of the Company's business activities.

Principle Six: Ensure that between them the directors have the necessary up to date experience, skills and capabilities

The Board of Directors covers a wide range of experience and skills. To meet the requirements of an independent upstream oil and gas exploration, development and production company these experiences and skills must cover financial, legal, operational and technical knowledge experience of risk management and growth in the independent sector and of public markets. Each of the directors on the Board, both Executive and Non-Executive, have considerable experience and all have demonstrated skills which are complementary, independent and sufficient to cover all of the requirements of the Board. As the Company continues to grow its asset base and to refresh the Board the Nomination and Corporate Governance Committee maintains oversight of the Company's requirements to ensure that the make-up of the Board is kept in line with the Company's needs and provides a mix of experience, skills, personal qualities and capabilities appropriate to the task. These include full consideration to maintain a healthy diversity where this is possible, including gender diversity.

Principle Seven: Evaluate board performance based on clear and relevant objectives, seeking continuous improvement

Disclosure: A description of the Board performance evaluation process.

The make-up of the Company's Board of Directors has kept pace with transformational changes made by the Company within the last few years with the introduction of new experience and skill-sets complementing those already on the Board. By this means the Board is continuing to refresh and enhance its performance.

The Board considers that its effectiveness and the individual performance of its directors is vital to the success of the Company. It was recognised that, with the expansion of the Board in parallel with the growth of the Company's activities and the need to meet the requirements of the QCA, a formal Board evaluation process was required. During 2020, the Company conducted a full formal Board evaluation. As part of the process, Directors were asked to evaluate the Board structure, dynamics and functioning, Corporate Governance and Internal Controls & Risk Management. The Board discussed the results in detail and have made some changes where deemed necessary, such as providing an increased focus on more strategic and risk-led matters in addition to important technical and operational matters during Board meetings and it was agreed that holding Non-Executive Director meetings on a regular basis was an important part of the governance process.

Principle Eight: Promote a corporate culture that is based on ethical values and behaviours

Disclosure: How the Board ensures that the Company has the means to determine ethical values and behaviours

The corporate culture of the Company is established within the Board of Directors and communicated to the Company by the Chief Executive Officer through a regular series of internal meetings with senior management. By this means the Company's strategy, objectives and approach to health, safety, environmental and diversity issues are communicated to all employees with the Board maintaining full oversight.

The Company operates a full feed-back system directly to the Chairman, Chief Executive Officer or Senior Independent Director which provides the mechanism to enable the Company to become aware of any deviation from the Company's ethical values.

Principle Nine – Maintain governance structures and processes that are fit for purpose and support good decision-making by the Board

Disclosure: Roles and responsibilities of the chair, CEO and other directors with commitments. Describe the roles of the Committees

The Executive Chairman leads the Board and works with the CEO, CFO and the Non-Executive Directors to grow the Company and develop its business. The Executive Chairman is a member of the Nomination and Corporate Governance Committee and attends the other Board committees if requested. As Executive Chairman, Antony Craven Walker is primarily responsible for engaging with Shareholders and other stakeholders.

Mitch Flegg (CEO) is accountable to the Board for the financial and operational performance of the Group. Mr Flegg is a member of the Reserves Committee and HSE Committee.

Andy Bell (CFO) was appointed to the Board during September 2021 and is accountable for the financial performance of the Group.

Ian Vann is the senior independent Non-Executive Director of the Company and chairman of the Remuneration and Compensation Committee. Mr Vann is also a member of the Audit Committee, HSE Committee and Reserves Committee.

Malcolm Webb is a Non-Executive Director of the Company and chairman of the Nomination and Corporate Governance Committee. Mr Webb is also a member of the Remuneration and Compensation Committee.

Trevor Garlick is a Non-Executive Director of the Company and chairman of the HSE Committee and Reserves Committee. Mr Garlick is also a member of the Audit Committee and Nomination and Corporate Governance Committee.

Kate Coppinger is a Non-Executive Director of the Company and chair of the Audit Committee. Ms Coppinger is a member of the Remuneration and Compensation Committee.

Richard Rose is a Non-Executive Director and was appointed to the Board during September 2021. Mr Rose is a member of the Audit Committee.

David Latin is a Non-Executive Director and was appointed to the Board in December 2021. Mr Latin is a member of the HSE Committee, Reserves Committee and Remuneration Committee.

The Audit Committee meets regularly and consists of four members, all Non-Executive Directors. The Committee assists with the Board's oversight of the integrity of the financial reporting and the independence and performance of the Company's Auditor.

The Reserves Committee meets once a year prior to the publication of the annual results. The Committee is a sub-committee of the Audit Committee and meets to review the reports of the independent reserves auditors.

The Nomination and Corporate Governance Committee assists the Board's oversight of the Company's observance of the UK Code and the Corporate Governance Guidelines, compliance with the rules of AIM and other relevant corporate governance rules, including compliance with the Company's Share Dealing Code and with AIM rules relating to dealings by directors or employees in the Company's shares. The Committee is also responsible for monitoring the overall effectiveness of the Board and its Committees, proposing to the Board new nominees for election as directors to the Board, determining succession plans and for assessing directors on an ongoing basis. The appointment of Kate Coppinger was made in April 2020, the appointment of Andy Bell and Richard Rose was made in September 2021 and the appointment of David Latin in December 2021.

The Committee will meet at least three times, and additionally as required, during the financial year.

The Remuneration and Compensation Committee meets to consider all material elements of remuneration, including remuneration policy, executive remuneration, share incentive plans and other employee incentive schemes. The Committee proposes to meet at least twice a year.

The HSE Committee meets at least four times a year and is responsible for matters affecting health, safety and the environment.

The Board retains full and effective control over the Company and holds regular Board meetings at which financial, operational and other reports are considered and where appropriate voted upon. The Board is responsible for the Group's strategy and key financial and compliance issues. There are certain matters that are reserved for the Board. They include: approval of the Group's long-term objectives, policies and budgets, changes to management structure, internal control systems and approval of the annual report and accounts. All Board Committees report back to the Board following a committee meeting.

Principle Ten - Communicate how the Company is governed and is performing by maintaining a dialogue with shareholders and other relevant stakeholders

The Board maintains a healthy dialogue between it and its stakeholders including its shareholders. The Executive Chairman is primarily responsible for communicating with shareholders, but the CEO will also maintain dialogue from time to time as required in conjunction with the Executive Chairman. The senior independent Non-Executive Director, Ian Vann, is also available to communicate with Shareholders if required.

Copies of the Company's report and accounts, and all other shareholder communications are maintained on the Company's website.
